## Overview

For the past two years, five partners from the UK (LEAP and Bridgewater Primary), Spain (CEIP Gloria Fuertes), Italy (Fondazione Cresci@mo) and Poland (Misiolandia) have worked together to develop the skills and competencies of staff in employing visual literacy strategies and tools that support and develop children's communication skills. They are pleased to share what they have accomplished during this FREE event open to all staff in early years and primary education.

## Session

The event will provide attendees with an opportunity to hear about the project and its activities, engage in some activities and be given access to the newly developed resources which are available for free. The event will focus on the 4 thematic areas of the project:

- Text and Images
- Storytelling techniques
- Use of comics and film making
- The world around us: sounds and colours outdoors

Attendees will be able to take away practical ideas on how to use the VITAL resources in their context and will have free access to a range of materials.
